Derry Township Community Cats Program Controls Stray Cat Population

It is a measure of success! The program, which began last year, spayed and neutered 400 cats, and it is already having an impact on the number of kittens being found in Derry Township this year.

The next trap, neuter and release dates will be June 23rd through the 27th. If you have community cats or pet cats that need to be spayed or neutered, please call the "cat line", 717-592-8087, and leave a message. A grant from PetSmart Charities will cover the cost for spay and neuter services and vaccinations. To learn more about the program, visit www.derrycats.org or Facebook, Derry Township Community Cats.

If you are interested in becoming a volunteer, or have questions, please email DerryCatsInfo@gmail.com.
